

FISC-SD MISSION

The Fleet and Industrial Supply Center (FISC), San Diego provides logistics, business, and support services to fleet, shore, and industrial commands of the Navy, Coast Guard, and Military Sealift Command and other joint and allied forces.

FISC San Diego delivers combat capability through logistics by teaming with regional partners and customers to provide material management, procurement, contracting and transportation services, technical and customer support, defense fuel products, and worldwide movement of personal property.

A field activity of the Naval Supply Systems Command, headquartered in Mechanicsburg, Pa., the FISC is part of a worldwide logistics network of more than 9,000 military and civilian personnel providing "One-Touch Support."

at FISC San Diego

Not just your supplier...we're your solution

From FISC San Diego, your One-Touch Supplier, comes a better way of getting the supplies you need, in the way you want. We call it "Personal-Touch Supply," and the method of procurement is Direct Vendor Delivery (DVD) contracts.

DVD contracts are written with your convenience in mind. Ordering is simple and payment is a breeze. You can place orders by phone or internet, and all contracts authorize payment via government credit card for up to \$100,000.

We also know that fleet budgets are tight, and schedules are even tighter. That's why we don't settle for the status quo. With DVD, you can procure almost any material with less documentation, lower costs, and shorter lead times.

Unexpected problem with no book solution? We know you can't plan for everything. That's why our DVD team is standing by to help you get the job done. And we're only a few miles away! Other agencies don't offer this type of personal service

Our regional contracts beat out those of other agencies in price and lead times. Why? We assess no service charges. Our contracts are regional, so you get the Southwest's best price regardless of the market in other regions. And we make your convenience our #1 priority.

Expect a delivery truck to arrive at your brow or door in less than five days. In many cases same-day service is available!

What DVD contracts will be available in the future? You make the call! Our team members will listen to your needs and ideas to get you the best deal possible. It's this winning combination that has already helped us save the government millions.

For more information on the DVD contracts now available for your use, check out our website at www.sd.fisc.navy.mil, or call us at 619-532-2888. Lower costs, shorter delivery times... better service!
